REMARKS

Formal drawings are submitted herewith. The drawings have been corrected for legibility, clarity of lines and numbering. In addition, lead lines have been added to Fig. 3 to identify the axes of rotation 20 and sprockets 19, which are mentioned at page 10 of the English translation of the specification. Acceptance of the drawings is respectfully requested.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Michael J. McGovern".
